

Air quality warning ended for Valemount – open burning restrictions remain in effect

November 4, 2025

The Ministry of Environment and Parks in collaboration with the Northern Health Authority has ended the Air Quality Warning that was issued on November 03, 2025 for Valemount due to elevated levels of fine particulate matter.

Local air quality has improved due to changing meteorological conditions.

Open burning restrictions remain in effect within within 50 km of the Valemount Village office. No new fires may be initiated, and no additional material may be added to existing fires. For more information on burning restrictions, refer to the Mandatory Emission Reduction Actions section below.

Mandatory emission reduction actions

- As pollution is occurring or is likely to occur from open burning, pursuant to Sections 30(1) and 30(2) of the Open Burning Smoke Control Regulation, the Director has prohibited open burning within within 50 km of the Valemount Village office until November 05, 2025 local time. No vegetative debris may be ignited or added to ignited piles. Contravention of these provisions may be subject to a fine under the Regulation.

Date issued: November 04, 2025
